SUMMARY

Web developer with 2+ years of combined full-time and freelance experience, skilled in front-end and back-end development using HTML, CSS, JavaScript, TypeScript, React, Next.js, PHP, and Django. Experienced in building responsive, dynamic, and scalable web applications with a strong focus on user experience and performance. Proven ability to deliver high-quality, client-focused solutions while quickly adapting to new technologies and frameworks.

WORK EXPERIENCE

● CyTech International (Web Developer)

Dec 2023 - Aug 2025

- Developed enterprise-level web applications using React with TypeScript and Next.js for front-end development, and Python with Django for back-end services. Focused on creating scalable, secure, and high-performance solutions for business-critical operations.

● Freelance Web Developer (WordPress)

Aug 2022-Dec 2022

- Implemented responsive designs, optimized performance, and applied SEO best practices. Also Theme customization, plugin integration, and content management.
